★ WHAT IS LA MARIOLE ?

La Mariole reinvents “La petanque” !

2010

Sebastien Magnan and his friends played **their first game of soft petanque in an apartment** after a meal where wine flowed freely. At the time, they used pairs of socks as petanque balls and a wine bottle cork as a jack.

2012

Juggling balls replaced socks and they began to bend the rules of traditional pétanque by playing on **tables, sofas, chairs**, using the walls to get closer to the jack. **La Mariole was born !**

2018

Since then, and after many wild games, the idea of **improving the concept and sharing it with as many people** as possible has made its way. And it was in 2018 that La Mariole was born as a **French brand** with soft balls specially developed for this game.
